Subject: Lawlessness and mayhem.

Aloha President Buhari,

I have received many urgent requests from your country men, asking for my help. Sent to me were disturbing videos of your Nationals being slaughtered on the streets, in their homes and workplaces. These killings were not isolated only to men of violent intent but, also to unarmed women, and children, by what appears to be, your governments' military personnel.

Apology Bill. (U.S. Public Law 103-150 – 107 Stat. 1510) admits the invasion, overthrow, occupation, and annexation of 1893 violated diplomatic treaties, international law, Laws of Nations, and the United States Constitution. Under International law the World Court ruled the only appropriate remedy is restitution. That fact gives absolute right and power to restore independence. The U.S. Congress has no power, jurisdiction or authority to stop the restoration of the Kingdom. The United Nations Charter states: An autonomous independent sovereign nation-state contemplated under Article 1 of the Montevideo Convention on Rights and Duties of States requiring the state as a person of international law possessing the four qualifications of (a) a permanent population, (b) a defined territory, (c) government; and (d) capacity to enter into relations with the other states. The Kingdom of Hawai'i meets ALL LEGAL REQUIREMENTS - ALI'I NUI MŌ'I. KING EDMUND K. SILVA. JR.

I assume nothing; therefore, I am contacting you directly in the hopes that everything I've been sent, and heard, are untruths. Unconscionable lies, targeted to discredit, and damage a good man's honor, and reputation. Yet, the alarming information coming out of Nigeria, from scared citizens, gives deep cause for great concerns.

President Buhari, times are challenging for all nations, and the world is uncertain about its future. The turmoil and distrust amongst governments seems never ending. Covid-19, talk of a world war, chemical biological attacks, and cyber-attacks are just some of the rhetoric from the media, that is putting our people in fear for themselves, family, and future.

Despotism, and Tyranny must be eradicated from governance. Government should never subject its people to mental or physical cruelty, brutality, pain, nor suffering. This evil must forever be removed, and replaced, with laws that are just, fair and equitable for all people. It takes great strength, courage, faith, and wisdom to overcome this horrendous evil that is spreading not only in African indigenous tribes (nations), but throughout the entire world; We, must stand up against this evil and be men of courage, and hope for tomorrow.

We, are leaders. And, as leaders, we have a sacred duty, even an ethical duty, to govern with compassion, honor, dignity, integrity, judgement, and wisdom. *"Show me a man of violence who came to a good end, and I will take him as my teacher"*. Only an ethical man, a man of good character, will know what I am talking about, and I hope, we are those men.

President Buhari, abolish the violence in your country, and be the example of leadership for Africa that all indigenous people the world-over need us to be. Let us be men of peace: men of good judgement, men of honor, men of compassion, and men unafraid to do what is right for not only our nations, but an example, to the rest of the world. Be that man destined to lead His people to a prosperous and honorable Nigerian Nation.

We, are indigenous men, men who live in harmony with nature, the natural world, and the human-family. As indigenous leaders, we have a higher vibrational duty to help each other to be better men. And, what I've read about you leads me to believe, you have the capacity for greatness. Choose the path of nobility into which you were born.

If I can be of any assistance in this endeavor for your, nay our humanity, you need merely ask, and I will be there. Until then, may the blessings of Heaven be upon you. Be the good man of heart, mind, spirit, and love. If you do this, you'll unite a nation, and possibly the world, to peace.

*Respectfully yours,
Me Ka Mahalo*
